New York Tractions and Ohio Coalers Are the Centers of Interest-Year's End Money Requirements.

NEW YORK, Dec. 1 .- To-day's stock market made a rather notable show of strength, and prices were lifted quite generally 1 per cent. or more. This was due to the sympathetic effect of movements in special stocks in which a speculative campaign was going on, but general considerations also played a part.

Of the special movements, the most notable was in the local traction group. The accompanying gossip quite generaly pointed to a plan for a comprehensive merger of all the traction facilities within the Greater New York corporate limits, and a supposed share in the control by New York Central and Pennsylvania. Manhattan conspicuously abstained from a share in the movement, and was at times below Saturday's level. The dealings in this stock were rather light. This gave some color to a supposition that the movement among the other tractions was designed to adjust their valuations to the higher level already attained by Manhattan. Another conspicuous center of strength was the soft coal group, especially the north-and-south roads traversing the region between the Ohio river and the lakes. Rumors were current of a plan for combining all the railroads in the group by making a holding company of one of the smaller companies. Hocking Valley and Kanawha & Michigan were

most conspicuously affected. Among the more general considerations which affected the market was a hope that the December disbursements of interest and dividends, which are estimated at about \$75,000,000, would afford relief to the local money market. The payment in London to-day of twenty to twenty-five millions of dollars on account of the shipping combine also aroused hopes of easier conditions in the money market. Actual quotations for call money were firm under the continuing influence of preparations for the December unchanged. New York exchange at Chicago rose again to par, but a deposit was made at the subtreasury of \$250,000 for transfer to the interior. The opinion of bankers, in spite of to-day's stock market view, is for a continuance of close money

conditions over the end of the year. There was some speculation an the as sumption that selling of stocks on the ground of supposed anti-trust views to be expressed in the President's message would prove unwarranted. Some heavy blocks of St. Paul were placed on the market, the source of which gave rise to much gossip in connection with the authorized new stock issue. The mystery of the selling was unrevealed. The seasonable cold weather The seasonable cold weather had a good effect on the general market, and more especially on the coalers. There were occasional set-backs throughout the day, but the closing was firm and at about the top for many stocks.

Bonds were irregular. Total sales, at par value, were \$2,010,000. United States threes, coupon, advanced 1/8 per cent. on the last

Pr. 1 Canner..... 860 \$2.50 .1380 3.75 1 Canner..... 980 2.50 ago and fully equal to the average at this time bery, in the week, but at least 1,500 smaller than a \$12. year ago. Practically all grades were represented, but there were probably none as satisfactory as those that sold at the extreme price

Saturday. The market opened with all buyers in the field, and while it was the inclination to expect some lower prices in sympathy with early reports from other places salesmen were asking at least steady. It was not long until good competition developed between packers and shippers and the result was an active market at nearly steady prices compared with the close of last week. It did not take long to affect a clearance and the market closed steady at cur-rent prices of the day. Sales ranged from \$5.90 to \$6.42\frac{1}{2}, and this probably does not represent either extreme, because there were no strictly fancy kinds and it appears none that were really inferior. Quotations: Good to choice medium to heavy..... Common to fair light weights ..... Inferior to best pigs..... Roughs and stags..... -Representative Sales .-120 80 6.35 Sheep-Receipts, 100; shipments none. As usual at the beginning of the week the receipts of sheep and lambs here to-day were small, and hardly enough business transacted to represent

the true condition of the market. The small supply changed hands early to local butchers and sales indicate that the market was steady compared with the close of last week. Lambs sold as high as \$5 and the best sheep here brought \$3.25. Quotations:

Good to choice lambs.....

Transactions at the Interstate Yards. LIS, Dec. 1.-Cattle-Receipts none; shipments none. The market was weak to a shade lower than at last week's close. Conditions, however, show no change. A fair demand exists for stock of quality and fat, especially butcher grades. The common kinds are as dull as ever, with just as little inquiry. The calf market was steady, with top kinds worth \$7.25 to \$7.50. Quo-

Good to choice steers, 1,350 lbs and upward Plain fat steers, 1.200 to 1,300 lbs. Good to choice steers, 900 to 1,150 lbs. Plain fat steers, 900 to 1,150 lbs. Col. Mosby and His Raids.

St. Louis Globe-Democrat. Colonel Mosby is doing a great work for the government in rounding up the cattle kings who have laid illegal hands on Uncle Sam's lands. The old Confederate raider seems to have lost none of his daring and activity in these piping times of peace. He is engaged in a work which, if successful, as it probably will be, will bring him the country's plaudits. The cattle barons, like the rest of the trust magnates, are learning that in these Republican days rich and poor men alike must obey the laws.

Where Is It?

New York Sun. When President Roosevelt summoned six rentlemen as representatives of six coal companies to meet John Mitchell as the representative of one labor company the contrast between the division of capital and the consolidation of labor was very striking. Yesterday the names of thirty additional coal companies were added to this list of six as operators in the field in which Mitchell has aimed at the entire monopoly as to labor.

Puzzle: Find the coal trust. Who Is Het

CAUSES AN EXTREME LOSS OF CENT. PARTLY REGAINED.

Oats Close Fractionally Higher-Provisions Are a Little Down in All Departments.

CHICAGO, Dec. 1.-Liquidation wheat caused weakness in the wheat pit to-day, and the close was weak, with May down %@%c. May corn closed %c higher, and oats were up 1/8@1/4c. January provisions closed from 21/2c to 5@71/2c lower. The feature of trading in wheat was the unloading of a big line by the leading long and the consequent throwing on the market of a large amount held by traders who had been following in wake. The result was a decline of over a cent in May, while the nearby deliveries were also easier. The news in general was bearish, lower cables, liberal receipts the Northwest and a large increase in the visible supply being the main depressing factors. Buying by commission houses at the low point caused a rally late in the day, the close being at lower figures with May %@%c off, at 75@75%c. The opening was 1/6c lower to 1/8c higher, at 75%c to 75%c, and the range between 74%c and 75%c. Clearances of wheat and flour were equal to 322,900 bu. Primary receipts were 1,980,200 bu, against 1,523,800 a year ago. Minneapolis and Duluth reported receipts of Common to medium lambs ...... 3.60@4.25 Common to medium sheep ...... 2.25@3.00 1,567 cars, which, with local receipts of 140 cars, 22 of contract grade, made a total of 1,697 cars, against 1,924 last week, and 1,177 a year ago.

Trading in corn was light and the weakness in wheat affected this market and caused an easier feeling, but toward the end of the session there was a fair demand and the early loss was wholly regained, May closing 4c higher, at 42% @42%c, after selling between 424@42%c and 424@42%c. Extremely favorable weather for the movement, lower cables and only a fair cash demand were weakening influences. Receipts were 202 cars, 11 of contract grade. Although there was little doing in oats, the undertone was firmer, a good commission house demand being the sustaining factor. May closed \@\4c higher, at 32\4 @32%c, after ranging between 31% @32%c. Receipts were 236 cars. Provisions were quiet, and after a slightency to move downward under scattered selling by longs and lack of any particular support. The weakness in wheat and corn early was a bear factor. The close was steady, with January pork 24c lower, at \$15.82%. Lard was down 5@74c, at \$9.45@9.47%, and ribs off 21%c at \$8.1214@8.15.

Estimated receipts for to-morrow; Wheat, 90 cars; corn, 295; oats, 200; hogs, 37.000 head. Leading futures ranged as follows: Articles. THE WONDER OF THE AGE

The "Omega" **Odorless Gas Stove** 

Marks a revolution in gas heating and household sanitation. Perfect combustion is secured by the generation of intense beat and the thorough mixing progressively of the gas supply with air, by which it is possible to use at least forty-five cubic feet of air to every cubic foot of gas.

Its operation combines three important and indispensable factors—economy in fuel, perfect combustion, sterilization. In the "OMEGA" they are the result of mechanical combinations produced as the result of extensive releasing asserted. on exhibition and for sale by
